

The Employee-Owned Network

Establishing an employee-owned company is only the beginning of the story.

Employee-owned companies face a unique and ongoing set of challenges. These include building a corporate culture of ownership, mastering the technical elements of their form of ownership, and creating a new way of looking at work.

Our Employee-Owned Network is a member-directed organization that reflects a broad spectrum of businesses and industries all over Ohio, as well as several other states. Throughout the year the OEOC hosts multiple programs designed assist our Network members, along with any other employee-owned company. The Network's mission is to provide resources for employee-owned businesses to learn from professionals in the field, and from each other how to make employee ownership work more effectively.

Joining Our Network Comes with Benefits

The Employee-Owned Network's mission is to provide a forum for employee-owned businesses and others to learn from each other how to make employee ownership work more effectively at their companies; and to address the unique challenges and potential of employee ownership. Our level of support and programming for employee-owned companies is unmatched by any other state-based organization - in the country.

Network membership provides

- Year-round education opportunities for all levels at your company, from the c-suite to the shop floor
- Generous discounts on in-company training programs and events
- Free consultation service with OEOC experts
- Referral service to service providers and professionals that support employee-owned companies

Join The Employee-Owned Network

Membership Pays

• Benchmarking
